WHO WE ARE

ONE TEAM FROM CONCEPT TO **HANDOVER**

REN GROUP is an Almaty-based design, engineering and construction company operating across Central Asia since 2008. We combine Turkish engineering know-how with deep regional construction experience — with our own design department and production base, we deliver full-cycle, turnkey projects for the world's most demanding industrial clients.

18

YEARS IN OPERATION

Continuously active in Central Asia since 2008

25+

COMPLETED PROJECTS

Factories, warehouses, offices & civil works

3

COUNTRIES

Kazakhstan · Kyrgyzstan · Uzbekistan

ISO

CERTIFIED MANAGEMENT

ISO 9001 · ISO 14001 · OHSAS 18001

CCI OFFICE BUILDING — ALMATY · DESIGN & RECONSTRUCTION

CAPABILITIES

WHAT WE BUILD

From greenfield factories to precision office reconstructions — every project is delivered by one responsible team covering design, engineering, procurement and construction.

- 01 **Factories & production facilities**
- 02 **Beverage & food-processing plants**
- 03 **Warehouses & logistics buildings**
- 04 **Cold-storage & agro-industrial facilities**
- 05 **Offices & business centres**
- 06 **Fitness, educational & public buildings**
- 07 **Steel structures & industrial infrastructure**
- 08 **Reconstruction & renovation**

COCA-COLA PLANT — NAMANGAN, UZBEKISTAN

PRODUCTION HALL — COCA-COLA PLANT, SHYMKENT

FACTORIES & PRODUCTION

BEVERAGE & FOOD-PROCESSING PLANTS

Complete production facilities delivered turnkey — from foundations and steel frames to utilities and process-equipment installation.

COCA-COLA PLANT · NAMANGAN	Uzbekistan · 2024–2025
COCA-COLA PLANT · SHYMKENT	Kazakhstan · 2024
COCA-COLA PLANT · BISHKEK	Kyrgyzstan · 2019–2020
DAIRY PLANT · KASKELEN	Kazakhstan · 2010
PASTA FACTORY · SULTAN MKT.	Almaty · 2008

COCA-COLA BOTTLING PLANT — SHYMKENT, 2024

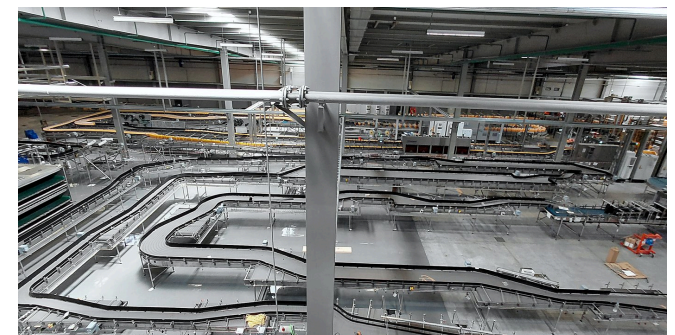

CCI PLANT · NAMANGAN

Greenfield bottling plant — Fergana Valley, Uzbekistan

CCI PLANT · BISHKEK

Production hall with installed bottling lines

PROCESS UTILITIES

Conveyor & process systems — Namangan plant

WAREHOUSES & LOGISTICS

STORAGE & DISTRIBUTION INFRASTRUCTURE

High-bay warehouses, railway loading buildings, distribution hubs and cold storage — delivered without stopping our clients' operations.

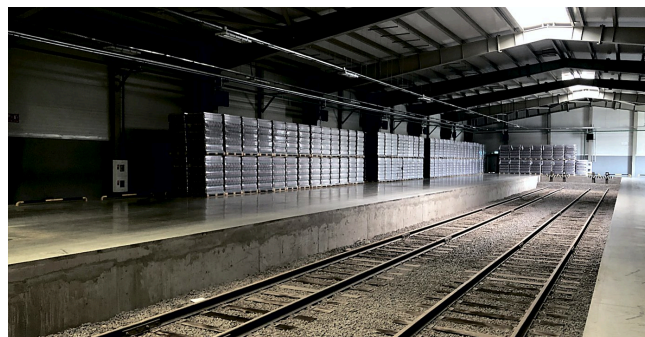

RAILWAY LOADING · CCI	Astana · 2019–2020
WAREHOUSE + RAIL RAMP	Bishkek · 2,500 m ² · 2023
WAREHOUSE RECONSTRUCTION	8,450 m ² · 2022
DISTRIBUTION · KAZAKHMYN	Kazakhstan · 2009
VEGETABLE STORAGE	13,000 t & 5,000 t · 2010–2013

LOGISTICS WAREHOUSE & LOADING DOCKS — SHYMKENT

DISTRIBUTION HALL · BISHKEK

Clear-span storage for finished beverage goods

RAILWAY LOADING · ASTANA

Covered rail spur inside the warehouse envelope

WAREHOUSE RECONSTRUCTION

Upgraded floors, safety barriers & lighting in service

OFFICES & BUSINESS CENTRES

WORKPLACES BUILT TO A HIGHER STANDARD

Business centres and corporate offices — new construction and deep reconstruction — clean architecture with disciplined engineering.

CCI OFFICE BUILDING	Almaty · Reconstruction
BUSINESS CENTRE	Almaty · 3,050 m ² · 2022–2023
KOSMOS BUSINESS CENTRE	Almaty · 2,500 m ² · 2021
BC NIPPON	Almaty · 3,550 m ² · 2015
EFES OFFICE WORKS	Almaty · 2020

CCI OFFICE BUILDING — ALMATY · FULL RECONSTRUCTION

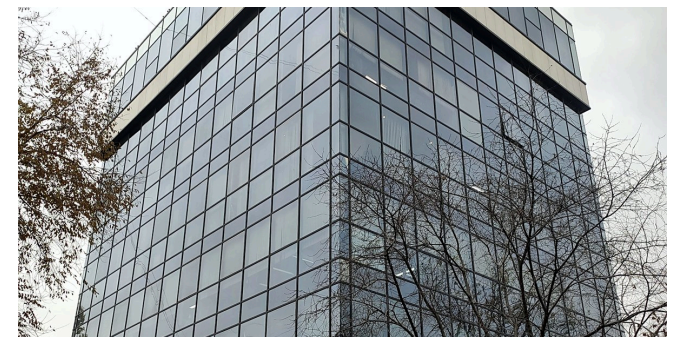

CITY CONTEXT

Aerial view — the reconstructed office in its district

FEATURE STAIRCASE

Architectural steel & glass, CCI office Almaty

BUSINESS CENTRE · ALMATY

Curtain-wall office building in the city centre

STEEL, SPORTS & PUBLIC

STEEL STRUCTURES & SPECIAL PROJECTS

Our own production base fabricates and erects steel structures for fitness centres, schools, long-span roofs and industrial infrastructure.

WORLD CLASS FITNESS Almaty · 2009

ARCHED SCHOOL ROOF Almaty · 1,200 students · 2009

AIRPORT PERIMETER FENCE Almaty · 19.5 km · 2022–2023

BOILER HOUSES & UTILITIES Almaty region · 2011–2021

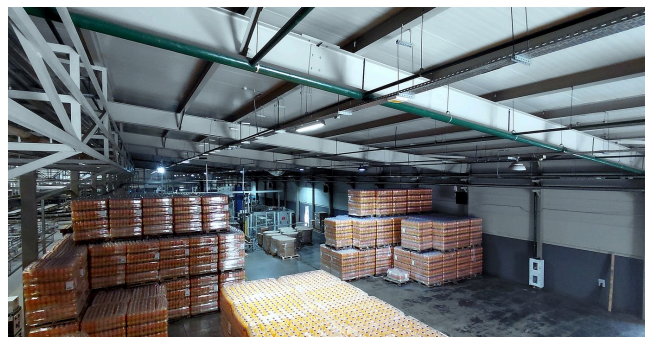

STEEL STRUCTURES & EQUIPMENT — BISHKEK PLANT, 2026

STEEL FRAME · NAMANGAN

Columns, trusses and crane beams inside the new plant

ROOF STRUCTURE · BISHKEK

Long-span steel roof over the finished-goods warehouse

PROCESS EQUIPMENT · SHYMKENT

Bottling-line equipment inside the new plant

CASE STUDY

COCA-COLA PLANT NAMANGAN

END USER	Coca-Cola İçecek
LOCATION	Namangan, Uzbekistan
YEARS	2024–2025
TYPE	Greenfield bottling plant
SCOPE	Construction works, structures & utilities
STATUS	Completed

PROCESS LINES — NAMANGAN PLANT INTERIOR

A complete production facility in the Fergana Valley — delivered to international food-industry standards.

NAMANGAN · UZBEKISTAN

CASE STUDY

COCA-COLA BISHKEK — 10 YEARS OF PARTNERSHIP

CLIENT	Coca-Cola Bishkek Bottlers
LOCATION	Bishkek, Kyrgyzstan
PLANT	Production building · 2019–2020
BOILER	Steam boiler installation · 2021
LOGISTICS	Loading warehouse + rail ramp · 2,500 m ² · 2023
STATUS	Completed · ongoing cooperation

PRODUCTION HALL — COCA-COLA BISHKEK BOTTLERS

Repeat projects on a live production site
— proof of trust, safety and schedule
discipline.

BISHKEK · KYRGYZSTAN

WHY CHOOSE US

WHY REN GROUP**01 Professionalism**

Experienced specialists ready to solve the most difficult engineering and construction tasks.

02 Quality

High-quality materials and modern technologies — ISO 9001, ISO 14001 and OHSAS 18001 certified.

03 Timing

Meeting deadlines is our priority — schedules held even through winter erection at -25°C .

04 Personalised approach

We listen to your requirements and deliver a solution that fits your needs and your budget.

05 One responsible team

Design, engineering, procurement and construction under one roof — turnkey, concept to commissioning.

06 Steel & concrete expertise

Own fabrication base; full command of foundations, frames and complex structural works.

07 Regional experience

Turkish engineering know-how combined with local regulations, suppliers and site practice.

08 Proven partnership

Repeat orders from Coca-Cola İçecek and other industry leaders — results, not promises.

DELIVERY MODEL

ONE COORDINATED PROCESS — TEN STEPS

01**SITE ASSESSMENT**

Surveys, geodetics & feasibility

02**CONCEPT**

Functional & architectural concept

03**ARCHITECTURAL DESIGN**

Full design documentation

04**ENGINEERING**

Structures, MEP & process utilities

05**APPROVALS**

Permits & state expertise

06**COST PLANNING**

Budgets & value engineering

07**PROCUREMENT**

Materials, equipment & subcontracts

08**CONSTRUCTION**

Civil, steel & finishing works

09**COMMISSIONING**

Testing & equipment start-up

10**HANDOVER**

Documentation & warranty service

BEYOND CONSTRUCTION — DEVELOPMENT CAPABILITY

Alongside our completed industrial portfolio, REN GROUP develops concepts in growth sectors across Central Asia:

- | | |
|-------------------------------------|---------------------------------------|
| — Residential & serviced residences | — Agro-logistics & cold-chain centres |
| — Hotels & hospitality | — Commercial buildings |
| — Healthcare facilities | — Urban reconstruction |

WORKING TOGETHER

A STRUCTURED START TO EVERY PROJECT

Every engagement follows the same disciplined, transparent path — so you know exactly what to expect at each stage:

- 1 Select a priority project** — the facility that matters most to you now.
- 2 Establish a joint working group** with your technical team.
- 3 Share site & infrastructure information** for review.
- 4 Joint site visit** with our engineers and architects.
- 5 Receive a preliminary concept**, implementation strategy and indicative cost framework — within 30 days.

We would welcome the opportunity to study your project — and respond with a clear concept, timeline and cost framework.
